## Become a Physician and an Officer!

### Top Notch Residencies in Fantastic Locations

- San Diego, CA
- Camp Pendleton, CA
- Jacksonville, FL
- Portsmouth, VA
- Camp Lejeune, NC
- Washington, DC

*You will be hard-pressed to find mentors more invested in your progress as a physician... after all, when they retire - you may be THEIR doctor!*

### A Unique Medical Practice Environment

The Navy's legal, financial, and insurance environment allows Navy physicians to be truly focused on high-quality patient care.

### Practice Without Borders or Limits

Navy Medicine is constantly engaged in worldwide humanitarian support and offers unique opportunities not limited to traditional medicine:

- White House Physician
- Astronaut
- Health Attache to World Health Organization, NATO, New Zealand, Vietnam, etc...
- International Research Labs

### Options outside the hospital include:

#### Naval Aviation

**Earn your wings!** As a flight surgeon, receive an additional six months of flight training and join a squadron as an integral part of the aviation community.

#### Surface Warfare

**Join the fleet!** Lead robust medical departments and be responsible for all aspects of health while sailing the world.

#### Undersea Medicine

**Be a Navy diver!** Graduate from US Navy Dive School and receive additional training in hyperbaric and radiation health.

#### US Marine Corps

**Semper Fi!** There is a special bond between the Marines and Navy Medicine. Embed with Marine units, serve as a staff officer, and earn the title 'Doc.'

## Our Commitment to You:

- Full tuition scholarship
- \$20,000 signing bonus
- Monthly stipend (\$2,330/month)
- Full medical and dental insurance
- Six weeks per year of unique training opportunities with full officer pay:
  - Research opportunities
  - Clerkship opportunities
  - Military training
  - 'School orders' to focus on local professional growth
- Medical school mentorship
- Officer Development School
  - Replaces "bootcamp"
  - Five week program scheduled to not interfere with studies
  - Designed specifically for medical and other staff corps officers
  - Develops the fundamentals of Navy culture and leadership

## Service Obligation

- 3 or 4 year service obligation in a non-training capacity
  - Serve as a staff physician in a variety of hospitals, clinics and research centers located in 23 states and more than 20 countries
- "Straight-through" residency training available for competitive applicants

### Consider the benefits of operational medicine:

- Augments your application with unique experiences, especially when considering highly competitive specialties
- Can be a welcome change of pace from the training environment
- Opportunity to serve directly with the fighting forces of the US Navy and Marine Corps!
